## News Bulletin from Colwill Engineering March 30, 2011

### Two New Charter Schools Scheduled to Open Fall 2011

**Colwill Engineering** has contracted with **Ryan Companies US, Inc.** to design and construct the electrical systems for two new Schools for Charter USA.

**Winthrop Charter** is a new, 50,000-sq.ft. ground up school to be constructed at Winthrop Village in Brandon; and **Woodmont Charter** is a new 60,000-sq.ft. renovation in an existing Temple Terrace building.

**Charter USA** is one of the largest providers of charter School Management Services in the nation. Both facilities are scheduled for completion by August 2011.

*Charter schools are innovative public schools designed by educators, parents or civic leaders that are open by choice, accountable for results, and free from most rules and regulations governing conventional public schools. Charter Schools USA*

**Colwill Engineering** is proud to be part of this great design build team and look forward to the addition of these schools to fill the need for educational facilities in the Tampa Bay area.
